

Co-creating asset and place-based approaches to tackling refugee and migrant health exclusion

[Margaret Greenfields@aru.ac.uk](mailto:Margaret.Greenfields@aru.ac.uk)

Project Goal

To make sure that **community assets** used by **local communities** are collaboratively identified and better supported to help **improve the health outcomes** for refugee, asylum-seeking and migrant communities.

Progress so far

Up to June 2025:

Draft asset map 'counter-cartography' (all 12 sites)

Recruitment and training of 24 CCRs

80 walking interviews completed

CF1: launch events

CFs2 & 3: workshops - collecting data on the

key topics with a range of nationalities

CF4: creative storytelling workshop on

housing/home/belonging

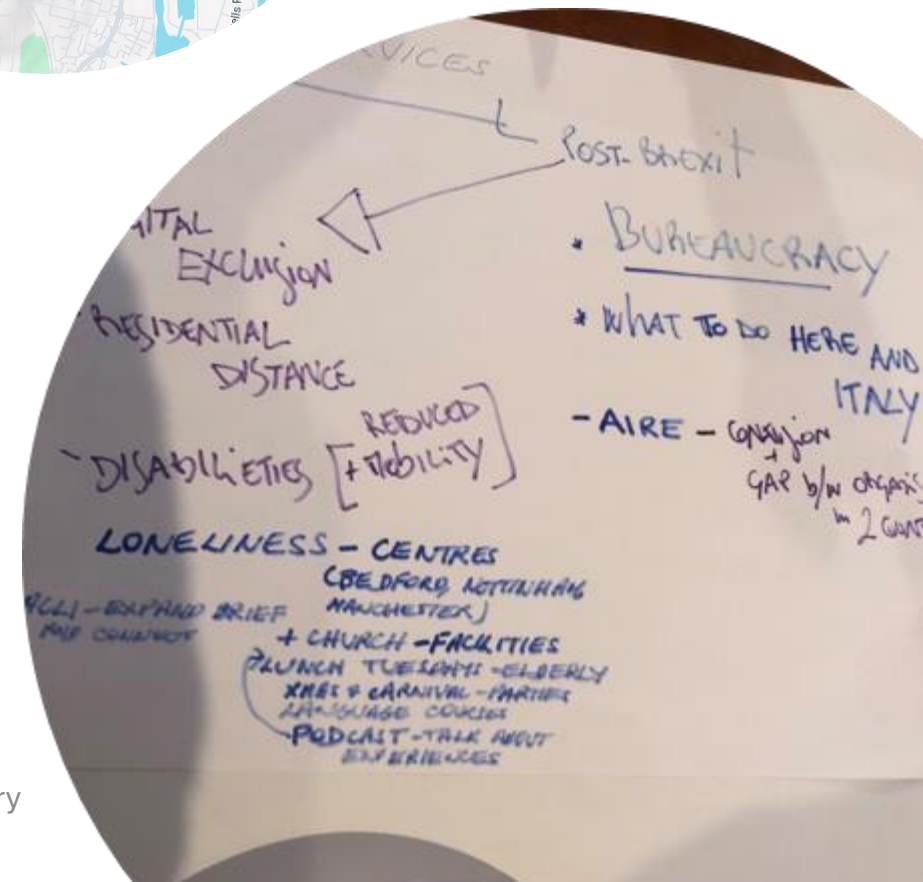

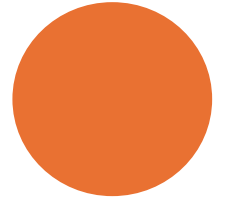

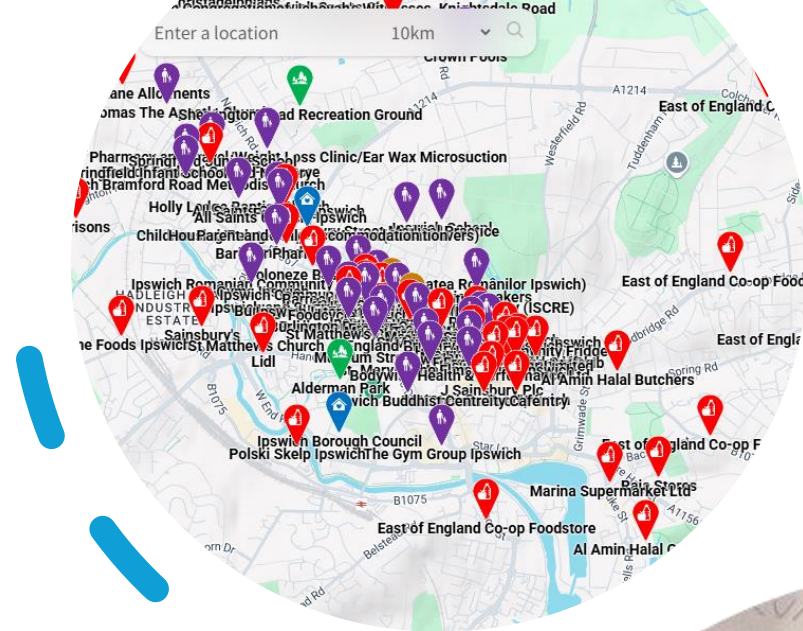

Photographic community asset capture

underway

June-December 2025:

CF5: stakeholder workshops

CF6-8: creative workshops

Challenges of Collaborative and Creative Methods

Up to June 2025:

- Multi-lingual events/documentation (16 core languages)
- Recruitment of CCRs
- Continuity of Engagement
- Resourcing (across teams/time)
- Reaching Consensus with so many moving parts
- Ensuring adequate comparability given multiple methodologies and diverse populations
- Power Dynamics across and within teams/civil society + academic balance

Plus.....

- The current political climate
